

Faithfull (FAIPLLOCK9)

Curved Jaw Locking Pliers 225mm (9in)

These FAIPLLOCK9 Faithfull Locking Pliers are effective through the application of serrated curved jaws. They are made from high quality steel with hardened and tempered jaws and a long lasting finish. They have a spring action for easy clamping and release with a quick release lever and a knurled screw for adjusting locking capacity. Capacity 41mm.

Plier Type	Size (mm)	Capacity (mm)
